

Hello Curling Center Members,

Welcome back! We are excited that we have been able to reopen for business and welcome you back into our restaurant as well as get back to Curling! After a couple weeks of being open, we are starting to get back into the swing of things and we appreciate your patience with us thus far. While we are excited to be open again, we are also committed to following the guidelines to ensure the safety of our guests and staff alike.

As you may have heard, the following restrictions that we are under for a restaurant are:

- No more than 150 guests at one time
- No tables larger than 6 people
- Masks must be worn unless seated
- No bar groups more than 2 people
- No crowding around bar
- Must be closed and customers out by 10PM

I certainly hope that these guidelines are relaxed soon as we get this pandemic under control and that we are able to get back to normal, but until then I ask you to understand that I have the livelihood and safety of my staff and their families depending on the security of their job and being able to work. Please keep in mind that while you may be very comfortable with those you are with, all that it takes for us to be under scrutiny and potentially shut down is another guest seeing something, not being comfortable with it and posting it online. I appreciate your help as we do our best to ensure we do not get shut down a third time.

Resy is online again and synced with the starting times of all league draws for ease of table reservation and convenience. It seems this has worked very well as we got used to it in the fall, and feedback has been good on ensuring the ability to watch family and friends curl. If there are any issues or feedback you have, please reach out to me.

While I am not sure how long the mandated closing time will last, we will be doing last call both on the ice and in the restaurant at 9:45PM every night. This is something that we missed the mark on this first week back and I have addressed with my staff. However, while you may be on the ice playing it can be easy for our ice servers to not catch everyone. Moving forward, we will make sure to communicate last call is coming up ahead of time (15-20 minutes) to at least 1 member playing on each sheet. We ask whoever does hear that announcement to communicate with everyone else on that sheet once the current throw or end is over to ensure we are able to get you the service you are looking for. Hopefully, this early closing restriction will be lifted soon but if not we are prepared to adapt as best we can.

I would like to thank you again for your continued support of the Crooked Pint. While I know we are not perfect, our staff has been through a lot of adversity in the last year and we are excited to be back and serving delicious food, great drinks along with memorable service. Please don't hesitate to reach out if you have any recommendations, feedback, questions or concerns.

Sincerely,

Jacob Moe
